LOUISIANA WILD SEAFOOD CERTIFICATION PROGRAM OVERVIEW

1) PURPOSE

The purpose of the Louisiana Wild Seafood Certification Program (LWSCP) is to develop a brand that guarantees labeled wild-caught seafood products are from Louisiana. This program shall establish rules and guidelines throughout the seafood supply chain that will ensure seafood products possessing the program label are from Louisiana. By creating an origin based brand, the State of Louisiana, through its various agencies, has the ability to ensure consumers that the LWSCP labeled seafood products were taken by a Louisiana licensed fisherman, landed in Louisiana, and processed by a Louisiana processor. This seafood certification program strives to increase consumer confidence, help commercial fishermen and processors to receive a premium price for their product, and ensure Louisiana's seafood industry is able to compete and endure in the constantly changing global market place. Our primary mission with this origin based certification program is to build a unified brand that will attract not only consumers but also food service and seafood distribution buyers who want to be sure they are sourcing the best tasting seafood in the world – **Louisiana seafood**.

2) BACKGROUND AND SUMMARY OF R.S. 56:578.15

In September of 2010, Louisiana Legislators passed Revised Statute 56:578.15 which authorized Louisiana Department of Wildlife and Fisheries to establish a quality certification program for Louisiana wild seafood products which are taken, harvested, or landed in Louisiana. Specifically, R.S. 56:578.15 – *Louisiana Wild Seafood Certification Program* states:

- b) “...standards may include but are not limited to harvest requirements, post-harvest refrigeration requirements, quality standards, handling practices, traceability, branding and branding registrations, recording requirements, compliance standards, and packaging regulations”
- c) “Any fisherman or seafood dealer who wishes to participate in the Louisiana Wild Seafood Certification Program shall apply to the department to be issued a participation permit by the department.”

- d) “Any holder of such permit who harvests or markets Louisiana wild fish or wild seafood products in accordance with the requirements of the Louisiana Wild Seafood Certification Program shall be authorized to market said product under the auspices of the Louisiana Wild Seafood Certification Program.”

3) PROGRAM GOALS AND OBJECTIVES

- a) Create a voluntary program to enable the identification and differentiation, for customers and consumers, of seafood products produced in Louisiana.
